Adichie's deconstruction of race in America, as seen through a newcomer's eyes, is potent and compelling. She has a keen eye and a delicate, almost considerate, touch when discussing sensitive (for most white folks) topics like white privilege and ignorance. In some places her prose is languid and poetic and in others it feels taut and affected.

"A young woman from Nigeria leaves behind her home and her first love to start a new life in America, only to find her dreams are not all she expected"--

From the award-winning, bestselling author of We Should All Be Feminists and Half of a Yellow Sun—the story of two Nigerians making their way in the U.S. and the UK, raising universal questions of race, belonging, the overseas experience for the African diaspora, and the search for identity and a home. Ifemelu and Obinze are young and in love when they depart military-ruled Nigeria for the West. Beautiful, self-assured Ifemelu heads for America, where despite her academic success, she is forced to grapple with what it means to be black for the first time. Quiet, thoughtful Obinze had hoped to join her, but with post-9/11 America closed to him, he instead plunges into a dangerous, undocumented life in London. Fifteen years later, they reunite in a newly democratic Nigeria, and reignite their passion—for each other and for their homeland.

Americanah by Chimamanda Ngozi Adichie

With her award-winning debut novel, Purple Hibiscus, Chimamanda Ngozi Adichie was heralded by the Washington Post Book World as the “21st century daughter” of Chinua Achebe. Now, in her masterly, haunting new novel, she recreates a seminal moment in modern African history: Biafra’s impassioned struggle to establish an independent republic in Nigeria during the 1960s. With the effortless grace of a natural storyteller, Adichie weaves together the lives of five characters caught up in the extraordinary tumult of the decade. Fifteen-year-old Ugwu is houseboy to Odenigbo, a university professor who sends him to school, and in whose living room Ugwu hears voices full of revolutionary zeal. Odenigbo’s beautiful mistress, Olanna, a sociology teacher, is running away from her parents’ world of wealth and excess; Kainene, her urbane twin, is taking over their father’s business; and Kainene’s English lover, Richard, forms a bridge between their two worlds. As we follow these intertwined lives through a military coup, the Biafran secession and the subsequent war, Adichie brilliantly evokes the promise, and intimately, the devastating disappointments that marked this time and place. Epic, ambitious and triumphantly realized, Half of a Yellow Sun is a more powerful, dramatic and intensely emotional picture of modern Africa than any we have had before.

From the globally acclaimed, best-selling novelist and author of We Should All Be Feminists, a timely and deeply personal account of the loss of her father. "Essential." —Booklist Notes on Grief is an exquisite work of meditation, remembrance, and hope, written in the wake of Chimamanda Ngozi Adichie's beloved father’s death in the summer of 2020. As the COVID-19 pandemic raged around the world, and kept Adichie and her family members separated from one another, her father succumbed unexpectedly to complications of kidney failure. Expanding on her original New Yorker piece, Adichie shares how this loss shook her to her core. She writes about being one of the millions of people grieving this year; about the familial and cultural dimensions of grief and also about the loneliness and anger that are unavoidable in it. With signature precision of language, and glittering, devastating detail on the page—and never without touches of rich, honest humor—Adichie weaves together her own experience of her father’s death with threads of his life story, from his remarkable survival during the Biafran war, through a long career as a statistics professor, into the days of the pandemic in which he’d stay connected with his children and grandchildren over video chat from the family home in Abba, Nigeria. In the compact format of We Should All Be Feminists and Dear Ijeawele, Adichie delivers a gem of a book—a book that fundamentally connects us to one another as it probes one of the most universal human experiences. Notes on Grief is a book for this moment—a work readers will treasure and share now more than ever—and yet will prove durable and timeless, an indispensable addition to Adichie's canon.

«En descendant de l'avion à Lagos, j'ai eu l'impression d'avoir cessé d'être noire.» Ifemelu quitte le Nigeria pour aller faire ses études à Philadelphie. Jeune et inexpérimentée, elle laisse derrière elle son grand amour. Obinze, éternel admirateur de l'Amérique qui compte bien la rejoindre. Mais comment rester soi lorsqu'on change de continent, lorsque soudainement la couleur de votre peau prend un sens et une importance que vous ne lui aviez jamais donnés, quand tout à coup le fait d'être noir est censé dicter vos réactions et vos pensées ? Obinze partira finalement en Angleterre et, pendant quinze ans aux Etats-Unis, Ifemelu tentera de trouver sa place au sein d'un pays profondément marqué par le racisme et la discrimination. De défaites en réussites, elle trace son chemin, pour finir par revenir sur ses pas, jusque chez elle, au Nigeria. A la fois drôle et grave, doux mélange de lumière et d'ombre, Americanah est une magnifique histoire d'amour, de soi d'abord mais également des autres, ou d'un autre. De son ton irrévérencieux, Chimamanda Ngozi Adichie fait valser le politiquement correct et les clichés sur la race ou le statut d'immigrant, et parcourt trois continents d'un pas vif et puissant.

SHORTLISTED FOR THE BAILEY’S WOMEN’S PRIZE FOR FICTION ‘A delicious, important novel’ The Times ‘Alert, alive and gripping’ Independent ‘Some novels tell a great story and others make you change the way you look at the world. Americanah does both.’ Guardian

What is the difference between writing a novel about the Holocaust and fabricating a memoir? Do narratives about the Holocaust have a special obligation to be 'truthful'--that is, faithful to the facts of history? Or is it okay to lie in such works? In her provocative study A Thousand Darkneses, Ruth Franklin investigates these questions as they arise in the most significant works of Holocaust fiction, from Tadeusz Borowski’s Auschwitz stories to Jonathan Safran Foer’s postmodernist family history. Franklin argues that the memory-obsessed culture of the last few decades has led us to mistakenly focus on testimony as the only valid form of Holocaust writing. As even the most canonical texts have come under scrutiny for their fidelity to the facts, we have lost sight of the essential role that imagination plays in the creation of any literary work, including the memoir. Taking a fresh look at memoirs by Elie Wiesel and Primo Levi, and examining novels by writers such as Piotr Rawicz, Jerzy Kosinski, W.G. Sebald, and Wolfgang Koeppen, Franklin makes a persuasive case for literature as an equally vital vehicle for understanding the Holocaust (and for memoir as an equally ambiguous form). The result is a study of immense depth and range that offers a lucid view of an often cloudy field.

“One of the most vital and original novelists of her generation.” —Larissa MacFarquhar, The New Yorker From the bestselling author of Americanah and We Should All Be Feminists Fifteen-year-old Kambili and her older brother Jaja lead a privileged life in Enugu, Nigeria. They live in a beautiful house, with a caring family, and attend an exclusive missionary school. They're completely shielded from the troubles of the world. Yet, as Kambili reveals in her tender-voiced account, things are less perfect than they appear. Although her Papa is generous and well respected, he is fanatically religious and tyrannical at home—a home that is silent and suffocating. As the country begins to fall apart under a military coup, Kambili and Jaja are sent to their aunt, a university professor outside the city, where they discover a life beyond the confines of their father’s authority. Books cram the shelves, curry and nutmeg permeate the air, and their cousins’ laughter rings throughout the house. When they return home, tensions within the family escalate, and Kambili must find the strength to keep her loved ones together. Purple Hibiscus is an exquisite novel about the emotional turmoil of adolescence, the powerful bonds of family, and the bright promise of freedom.
