These photographs form part of a project to document the area between Manchester and Oldham, England in 1984-1986.

Designed by Mercedes's head of design Bruno Sacco, the W124 range immediately became the benchmark by which medium-sized car models were judged in the late 1980s due to its engineering excellence and high build quality. There was a model to suit every would-be-buyer, from the taxi driver through the family motorist and on to those who were willing and able to pay for luxury and performance. This book covers: design, development and manufacture of all models of W124 including estates, cabriolets and the stylish coupe range; engines and performance; special editions and AMG models and, finally, buying and owning a W124 today. Superbly illustrated with 264 colour photographs.

The incredible true story of Tiger Woods ’ s dramatic comeback following his humbling and very public personal, physical, and professional setbacks. One publicly imploded marriage. Two car accidents. Eight surgeries. And now, a miracle of hard work and storied talent: five Masters wins. Once hailed as “ the greatest closer in history ” before he fell further than any beloved athlete in America ’ s memory, Tiger swung at the world ’ s wildest expectations and beat the skeptics with his April 2019 Masters championship. Roaring Back traces his road to Augusta and the improbable, phenomenal comeback of one of the greatest golfers in history. New York Times – bestselling author Curt Sampson details the highs and lows of Woods ’ s career in three gripping acts. From his startling loss at the 2009 PGA Championship, detrimental obsession with his swing, and that infamous night involving an ex-wife and a nine-iron...to adoring fans and lucrative sponsors turning their backs, exclusive interviews with past instructors and PGA tour peers, and an arrest complete with a toxicology report . . . finally to Tiger coming from behind for his fifth green jacket as the crowd rumbled in Georgia, and how his comeback rivals those of the most dramatic in his sport. Sampson also places Woods ’ s defeats and triumphs in the context of historic comebacks by other notable golfers like Ben Hogan, Skip Alexander, Aaron Silton, and Charlie Beljan, finding the forty-three-year-old alone on the green for his trajectory of victory against all odds. As this enthralling book reveals, Tiger never doubted the perseverance of the winner in the mirror. “ Sampson admirably details all the highs and lows. ” —Jim Nantz, CBS Sports

An action-packed series-starter perfect for fans of The Heroine Complex and Not Your Sidekick. “ I didn ’ t know how much I needed this brave, thrilling book until it rocked my world. Dreadnought is the superhero adventure we all need right now. ” —Charlie Jane Anders, author of All the Birds in the Sky Danny Tozer has a problem: she just inherited the powers of Dreadnought, the world ’ s greatest superhero. Until Dreadnought fell out of the sky and died right in front of her, Danny was trying to keep people from finding out she ’ s transgender. But before he expired, Dreadnought passed his mantle to her, and those secondhand superpowers transformed Danny ’ s body into what she ’ s always thought it should be. Now there ’ s no hiding that she ’ s a girl. It should be the happiest time of her life, but Danny ’ s first weeks finally living in a body that fits her are more difficult and complicated than she could have imagined. Between her father ’ s dangerous obsession with “ curing ” her girlhood, her best friend suddenly acting like he ’ s entitled to date her, and her fellow superheroes arguing over her place in their ranks, Danny feels like she ’ s in over her head. She doesn ’ t have time to adjust. Dreadnought ’ s murderer—a cyborg named Utopia—still haunts the streets of New Port City, threatening destruction. If Danny can ’ t sort through the confusion of coming out, master her powers, and stop Utopia in time, humanity faces extinction.
